“A thing of beauty is a joy for ever: Its loneliness increases; it will never pass into nothingness. - John Keats

It is indeed heartening to announce an initiation and inclusion of a triannual Newsletter ‘ The Quill ’ with effect from July 2026.

‘The Quill’ is a symbolic celebration of imagination, tapestry woven with the stories, poems, articles, achievements, celebrations, training sessions and workshops. Within these pages lie the whispers of creativity, the echoes of learning, culture, knowledge and expression of an innate wisdom and the immortal flow of thoughts and vision. Every edition of a school Newsletter opens a window to young minds. It is where the thoughts take wings between imagination and immortality moreover cogitation in young minds blossoms into immortal words.

Education is not merely the transmission of knowledge; it is the noble art of cultivating intellect, nurturing character, and awakening the spirit of inquiry. The true upliftment of an institution lies in its capacity to inspire dreams, instill resilience, and ignite values that illuminate society.

Our vision is to foster holistic growth — where scholarship blends seamlessly with creativity, discipline harmonizes with freedom, and values fortify aspirations. With every endeavour, we aspire to enrich pedagogical practices, embrace innovation, and provide vibrant platforms for our students to unveil their potential and excel with distinction.

This newsletter is a resonant chronicle of our collective journey. It encapsulates the imagination, achievements, and indomitable spirit of our school community. I firmly believe that with the unwavering dedication of our teachers, the zeal of our students, and the steadfast support of parents, our institution will continue to ascend to greater pinnacles of excellence, becoming a lighthouse of knowledge and character.

**“In gratitude I acknowledge the unseen

They are the immortal threads that weave

Rest At Nest

A child enters his new home: kindergarten,
with blooming flowers in the school garden.
before he was called by his father's name,
but now his parents are identified by his name.
The school transfigures.

The seed has been planted;
watered with knowledge, granted.
showered with love, care, affection and sunlight;
a sapling grows: white, bright and delight.
Yes, the school transfigures.

Chasing dreams with his facilitator,
Stumbles, rises, walks, evolves as innovator.
Explores, absorbs, soars high as an achiever,
Then he grows nostalgic to leave his nest,
Finds the best perch, with peace bringing gentle rest,
Again, the school solely transfigures.

How to Build Self-Confidence

As students, we often face challenges that test our confidence. But if we want to, we can develop self-confidence within ourselves. We can start by acknowledging our strengths and achievements, no matter how small they may be. We need to set a goal for ourselves and work hard to achieve it. We should surround ourselves with a positive environment and supportive friends. Without promoting negative thoughts, we should practice positive self-talk. Remember, every small thing will lead you towards your success. Therefore, believe in yourself, take risks and watch your confidence grow!

"Let Every mind, find its own shine"

There are illusions but have solutions;
science is not superior, commerce is not safe,
Arts not a fallback, nor a lesser fate.
we box young minds in rigid frames,
Judging worth by chosen names.
A stream is not a rank or race,
But a mirror of one's inner grace.
let passion guide, not pressure's voice,
let students make their rightful choice.
Each path holds power, each mind its spark
why dim the light to leave a mark?
Break the bias, erase the shame,
let learning be the only aim.

मानव धर्म महान

मधी गई सागर की लहरें, निकले रत्न महान!
देख हलाहल के उस हाट को काँप उठे भगवान!
हँसते – हँसते पान कर गये उसको शंभु सुजान!
साधक! सावधान यह ही है मानव धर्म महान।

अवधपुरी में बजी बधाई, राजतिलक का गान!
अकरमात् रुक गया, राम ने किया विपिन प्रस्थान।
धिक् जीवन – कहकर दशरथ भी, चढ़े स्वर्ग सोपान!
साधक! सावधान यह ही है मानव धर्म महान।

हेम तुलापर कब तुल पाया, सतियों का ईमान!
सती पद्मनी राख हो गयी, दुर्ग मिला सुनसान!
हुआ पराजित तुच्छ विजेता, वह दिल्ली सुल्तान।
साधक! सावधान—यह ही है मानव धर्म महान।

"The Hidden Science"

Homi Jehangir Babha, the father of Indian nuclear program, was a visionary physicist whose untimely death in 1966 had broken a transformative era in Indian science. His three-stage nuclear power program was designed to make India self-sufficient in its energy need. If this had been fully completed and successful India would have been a global leader in nuclear technology, completely free and self-reliant in energy, import independent nuclear fuel cycle. Our country will be free from all the nuclear agreement and would have achieved the title of "**Civilized Country**" within 1974. At present our country would have been the top civilized country of the world.

हमारी संस्कृति की आत्मा – हिन्दी

निज भाषा उन्नति अहै, सब उन्नति को मूल।
बिनु निज भाषा ज्ञान के, मिटत न हिय का शूल।।

भाषा भावों एवं विचारों को अभिव्यक्त करने का सशक्त माध्यम होता है। हिन्दी केवल भाषा ही नहीं बल्कि भारतीय संस्कृति, सभ्यता और अस्मिता की पहचान है। यह वह सूत्र है जो उत्तर से दक्षिण और पूरब से पश्चिम तक संपूर्ण भारत को एकता के बंधन में बाँधती है।

हिन्दी विषय विद्यार्थियों को न केवल साहित्यिक आनंद देता है, बल्कि उन्हें जीवन मूल्यों से भी जोड़ता है। यह केवल कक्षा तक सीमित नहीं है, बल्कि हमारे जीवन का हिस्सा है। जब विद्यार्थी हिन्दी का अध्ययन करते हैं तो वे अपनी संस्कृति, परम्परा और नैतिक मूल्यों से जुड़ते हैं। आज के तकनीकी युग में अंग्रेजी का महत्व अपनी जगह है, परन्तु हिन्दी का महत्व कभी कम नहीं हो सकता।

स्वामी विवेकानंद जी सन् 1893 में विश्व-धर्म सम्मेलन में भाग लेने हेतु शिकागो पहुँचे तो वहाँ पर एक अमेरिकन ने उनसे पूछा – How are you स्वामी जी? इस पर स्वामी जी ने मुस्कुराते हुए कहा—मैं ठीक हूँ। अमेरिकन को लगा कि स्वामी जी को अंग्रेजी नहीं आती होगी इसलिए हिन्दी में जवाब दे रहे हैं। फिर उन्होंने अगला सवाल टूटी-फूटी हिन्दी में पूछा – कि अमेरिका आकर आपको कैसा लग रहा है? इस बार स्वामी जी ने उन्हें अंग्रेजी में उत्तर दिया – I am feeling good. Your country is very beautiful. यह सुनकर उन्होंने स्वामी जी से पूछा – कि मैंने जब अंग्रेजी में सवाल किया तो आपने हिन्दी में जवाब दिया और जब मैंने हिन्दी में पूछा तो आप अंग्रेजी में जवाब दे रहे हैं, मैं कुछ समझा नहीं।

स्वामी जी ने बहुत ही सहजता के साथ कहा – कि जब आपने अपनी मातृभाषा में सवाल किया तो मैंने अपनी मातृभाषा का सम्मान किया। लेकिन जब आपने मेरी मातृभाषा का सम्मान करने हुए हिन्दी में प्रश्न किया तो मैंने आपकी भाषा का सम्मान करते हुए अंग्रेजी में उत्तर दिया।

इस प्रसंग से यह पता चलता है कि अपनी मातृभाषा का सम्मान करना हमारा पुनीत कर्तव्य है, लेकिन साथ ही सभी भाषाओं का भी सम्मान करना चाहिए।

A pandemic of pain but a lesson of hope

The Covid-19 pandemic reshaped the world in unimaginable ways. Beyond claiming millions of lives, it shook economies, closed school and silenced busy streets. Families were separated; jobs were lost. Life started shifted behind the screen. Nevertheless, this crisis also accelerated digital growth, improved hygiene awareness and highlighted the importance of health care systems. Communities united to support one another, though the pandemic left a lasting scar, it taught resilience, adaptability and value of human solidarity.

The Role of Democracy in Today's World-

Democracy is not just a system of government, it is an idea that gives power to people. In today's world democracy has become a symbol of equality and justice. It ensures that every citizen, rich or poor has a voice, in decision making.

The beauty of democracy lies in the right to vote, the freedom of expression and the chance to participate in governance.

It is not perfect, sometimes it moves slowly, sometimes it faces corruption, but it is still better than any system. For students like us, democracy is a reminder that our voice matters. Tomorrow, we will be the citizens who will shape the nation. So, understanding and protecting democracy is our responsibility.
